

RIGHT TO REPAIR COALITION 2009

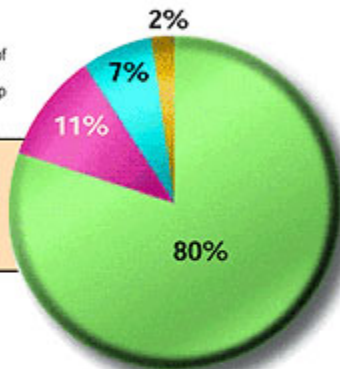

WHERE SMALL BUSINESSES STANDS

Your Voice Sends A Clear Message to Lawmakers

NFIB MEMBERS SPOKE OUT STRONGLY on the latest NFIB Member Ballot, letting lawmakers know they oppose more government regulation. The Member Ballot is the largest opinion-gathering effort of its kind. Members vote online, by fax, through telephone balloting or via the U.S. mail. When a strong consensus of the NFIB membership holds a position, it becomes the NFIB position.

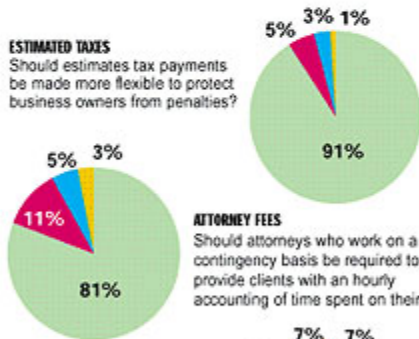

MOTOR VEHICLES

Should automobile manufactures be required to disclose to car buyers and repair shops information needed to repair or maintain their vehicles?

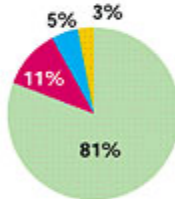

ESTIMATED TAXES

Should estimates tax payments be made more flexible to protect business owners from penalties?

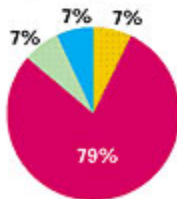

ATTORNEY FEES

Should attorneys who work on a contingency basis be required to provide clients with an hourly accounting of time spent on their case?

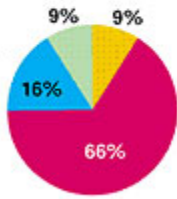

HEARING TESTS

Should small contractors and construction firms be required to regularly test the hearing of their employees and maintain the records of those tests?

ADA AND THE WEB

Should internet businesses be required to provide blind persons with complete access to their Web sites?

NFIB is now taking action in support of HR2735, The Motor Vehicle Owners' Right to Repair Act.
